

How can you grow solar?

- **Join Legacy Solar Co-op**
- **Build your solar project with the help of LSC's Consultants.**
- **Invest in solar through our Slice of Sun bonds program - available only to LSC members.**
- **Counter your carbon footprint with our Switch 2 Solar (S2S) sREC program.**
- **Home owners and small businesses can install affordable solar arrays through LSC's Group Buy programs.**

Why join Legacy Solar Co-op

Legacy Solar Co-op helps you invest in a solar future at any level that feels right for you, from the purchase of renewable energy certificates, to buying bonds, to installing solar on your home or business.

Help us do what we can today to provide a cleaner, safer future for Wisconsin.

Join today!

Benefits of Membership

- **Access** - Meet solar-minded people in your community and across our state committed to making solar energy a vibrant and vital segment of Wisconsin's energy grid.
- **Discounted Services** - Receive discounts on consulting services, with access to vetted vendors and solar experts. Services include project development, assessments, and project financing programs.
- **Investment** - Become eligible for our Slice of Sun bond program, earn interest on investments that help nonprofit organizations and others acquire solar energy.
- **Counter Carbon Use** - Purchase solar renewable energy certificates (sRECs) from local solar producers and counter your home, business, event and travel energy use through our Switch-2-Solar (S2S) program, paving the way to grow more solar in Wisconsin.

How to Join

It's easy. Join online at LegacySolarCoop.org/membership/ or complete the form below.

Lifetime - \$100

A one-time charge per household. See bylaws for additional household membership information.

City/ZIP*: _____

*Must be a resident of Wisconsin

Terms of Membership**

I agree to abide by the bylaws that govern our cooperative, and further agree to conduct my business with the cooperative and other members in a legal and ethical manner.

Furthermore, I understand that I cannot transfer my membership or sell it. I certify that I am representing myself, my family or household, or an institution.

Check here to acknowledge that you have read the terms above and agree to them.

Check here only if you do not wish to receive official Co-op notices (meeting dates, etc.) by email.

**Review bylaws online at LegacySolarCoop.org

Legacy Solar Co-op

We work with vendors and contractors around the state, on projects from residential to large businesses. We specialize in community institutions like churches, civic organizations and city and county governments.

Solar power builds resiliency in our neighborhoods and encourages us to be good stewards of our air, water and earth. Solar energy is readily available, reliable technology with long-term benefits - not only for individuals, but for communities and organizations committed to making decisions that are financially and ecologically sound.

The "Legacy" in our name draws from the long-lasting benefits that solar provides and from the legacy our members leave Wisconsin by supporting this mission.

Visit our website for full details of over 20 community solar projects already completed with the help of Legacy Solar Co-op!

Legacy Solar Co-op

A member owned cooperative providing solar and energy efficiency products and services to Wisconsin.

Our goal is to bring together like-minded Wisconsinites to support local and state clean energy initiatives.
