Legacy Solar Wisconsin Cooperative: Membership

We believe that local control and local ownership of energy projects is the best way to build economic justice and resiliency in our communities. Join with others who share your values to support the growth of solar in Wisconsin and to make a real and lasting change for the better.

Membership Dues:

- \$100 for a lifetime membership
- \$250 for an institution (business or community organizations such as a house of worship, school, or library)

Membership Benefits:

- Access to LSC team members and others with a wealth of knowledge about how to save energy and money with energy efficiency and solar projects, and a monthly e-newsletter.
- Even if you can't do solar at your home or business, you can offset your energy use with solar Renewable Energy Certificates (RECs). LSC's Switch-to-Solar (S2S) program sells RECs produced by solar energy arrays in Wisconsin. **As a member, you get a discounted rate.**
- **Only Legacy Solar Co-op members are eligible to buy Solar Bonds through our Slice-of-Sun Program.** Slice-of-Sun bonds are a way to help fund qualified solar projects anywhere in Wisconsin while receiving a moderate rate of return.

We help you make sense of all the technical aspects of solar and guide you through a smooth, successful solar project. **Members receive substantial discounts on consultation fees.**
